## Purley Beeches Residents' Association

R200035 19/7/2020

Purley Beeches Residents Association (PBRA) was formed in the 1980s to oversee the maintenance of the woodland held in trust for the benefit of the residents of Purley Beeches. Three or four trustees are appointed together with a committee. An annual voluntary fee is paid by each household towards the cost of maintenance. An AGM and social evening is held annually in November. A flint wall abuts the woodland, the maintenance of which also fall to the committee. There is at least one clear-up evening each year when residents are invited to join together to maintain the overall appearance of the estate.
